Our SPEAKER

Dr. Terry King

Terry King Small Animal Stream & graduated from the University of Queensland in 1975, spent his first 20 years in general practice, predominately small animal, and then seven years in the University of Queensland Veterinary Teaching Hospital as medical clinician and director. In 2002, Terry joined Veterinary Specialist Services as a partner and referral small animal clinician in internal medicine with an emphasis on emergency and critical care where he helped establish PICU (Pet Intensive Care Unit), a recognised leader in this field of veterinary practice. Presently notching up 45+ years in general and referral practice, Terry enjoys the emergency side of veterinary practice and has a special interest in treating the critically ill. He is highly committed to family veterinary medicine and prolonging the human animal bond.

Canine & Feline Combo Talk:

1. A toolbox for the diagnosis & management for the sick canine & feline patient
2. Pleural effusions
3. Pancreatitis (CANINE & FELINE)
