Presents

7th Indian VETexpo-2027

(A step into the World of Multidisciplinary CONGRESS)

9th, 10th, 11th & 12th

January 2027

Fortune park, Member ITC Hotel's Gp. Manesar, NCR. New Delhi, India

Acedemic Sessions

Day 1

1.00 – 2.00 pm Registration and check in Lobby, Fortune Hotel, Manesar

2.00 – 2.15 pm Inauguration Lecture Hall

2.15pm – 3.15 pm Orthopaedics (60 min) Wobbly Hips to Wagging Tails: Hip Dysplasia in the Age of Technology – from early screening to a total hip replacement. Dr. Kunal Dev Sharma

3.15pm – 4.00 pm - Bleeding disorders in dogs and cats- Guest Lecture - Dr Baranidharan G.R.

4.00pm – 4.45 pm - Dermatology Drugs: Take home points for practitioners - Dr Gautam Unny

4.45pm - 6.00pm- Tea break ,Stall visits & Networking

6.00 – 7.30 pm IPIF Summit Awards for industry and vets

7.30 – 10pm- Ramp Walk
Cocktails & Dinner - Step into the spotlight, "Vets n Industry" – unleash your glamour and charm on the runway-Live Music

www.plrcindia.org

Day 2

6.00am to 7.00- Mediation with a Charming instructor
Bring your yoga mats & rejuvenate yourself

9.00 – 10.30 am -Cardiology Essentials: Heart Murmurs to Treatments – a practical approach for general practitioners. Dr. Bhanu Dev Sharma

10.30 am – 11.15 am Diagnostic Imaging Thoracic Radiographs Made Practical: Pattern Recognition and Common Pitfalls.
Dr. Arun Anand

11.15– 11.30 am Tea break

11.30 – 12.30 pm - The Neurological Examination: Hands-Off and Hands-On Assessment
- Dr. Abhishek Shokeen

12.30 – 1.15 pm Ophthalmology The Red Eye in Dogs and Cats: Triage, Diagnostics and Vision-Saving Decisions - Dr. Narendra Chauhan

1.15– 2.15 pm Lunch break (timing flexible)

2.15 – 3.00 pm Orthopaedics Cranial Cruciate Ligament Disease: From Diagnosis to Decision-Making - Dr. Kunal Dev Sharma

3.00 – 3.45 pm Nephrology Acute Kidney Injury: Early Recognition, Fluid Decisions and Referral - Dr. Vinod Kumar

3.45 – 4.00 pm Tea break

4.00 – 4.45 pm - Dermatology
Recurrent Otitis Externa: Cytology-Guided Diagnosis and Treatment - Dr Nagrajan B

4.45 – 5.30 pm - Tea Break

5.30-6.15pm - Orthopaedics- Lumbosacral Disease: The Hidden Cause of Hind-Limb Pain. Dr. Kunal Dev Sharma

8.00-10pm - Cocktails & Dinner with Live Music

Day 3

6.00am to 7.00- Mediation with a Charming instructor
Bring your yoga mats & rejuvenate yourself

9.30 – 10.15 am - Diagnostic Imaging -Abdominal Imaging in Practice: Radiography, Ultrasound and Choosing the Next Test. Dr. Arun Anand

10.15 – 11.00 am Neuroimaging Introduction to MRI in Small Animal Practice. Dr. Tarun Nar Singh

11.00 – 11.45 am Ophthalmology Contemporary Management of Corneal Ulcers and Ocular Surface Disease. Dr. Narendra Chauhan

11.45 am – 12.00 noon Tea Break & Networking

12.00 – 12.45 pm Dermatology The Itchy Dog: Modern Allergy Work-up and Targeted Treatment. Dr. Nagaraj

12.45 – 1.30 pm Nephrology Renal Hypertension and Proteinuria - Dr. Vinod Kumar

1.30 – 2.15 pm Neurosurgery Advancements in Neurosurgery in India: Techniques, Outcomes and Case Studies. Dr. Tarun Nar Singh

2.15 – 3.00 pm Practice Management Revenue Generation and Clinical Nutrition. Farmina – Dr Anil Sood

3.00 – 3.30 pm AI & Practice (30 min) AI Integration in Veterinary Medicine: From Consultation to Clinical Decisions. Deepak from Brainyard Software

3.30 pm onwards Lunch (timing flexible) Feedback forms, certificate collection and close of congress

Our Speakers

Prof (Dr) Arun Anand

HOD, Department of Surgery & Radiology,
Guru Angad Dev Veterinary and
Animal Sciences University
(GADVASU) Ludhiana

Dr Arun Anand completed his graduation and post graduation from Punjab Agricultural University, Ludhiana. He acquired Doctoral degree from Guru Angad Dev Veterinary and Animal Sciences University (GADVASU) Ludhiana. He joined as Assistant Professor in the Department of Surgery and Radiology, Punjab Agricultural University and rose to the position of Professor & Head department of Veterinary Surgery in GADVASU. He acquired certificate of Qualification from Canadian Veterinary Medical Association. He also cleared Education Commission for Foreign Veterinary Graduates (ECFVG) programme USA and registered as DVM with Michigan State Board of Veterinary Medicine USA. His main fields of work are in urogenital surgery, joint surgery, oral surgery especially small animal endodontics, emergency surgical procedures, soft tissue surgery, Radiography in small animal & colic, reproductive, soft tissue surgery, reproductive surgeries, lameness in horses. He have been granted three patents for inventions on "small animal dental implant", "smart cerclage strip for management of comminuted fractures in small animals" and "stifle joint prosthesis for patella Luxation in dogs"
He published 105 research papers published in national and international journal. He authored one book along with Dr Simrat Sagar Singh entitled "A practical approach to diagnosis & management of equine colic"

Dr. Narendra Chouhan

Veterinary Ophthalmologist | Veterinary Surgeon | WSAVA Speaker

He is a renowned veterinary ophthalmologist with more than 23 years of professional experience in veterinary surgery and specialized expertise in veterinary ophthalmology.
He completed his Bachelor of Veterinary Science (BVSc) in 2003 and Master of Veterinary Science (MVSc) in Veterinary Surgery & Radiology in 2005 from the College of Veterinary Science & Animal Husbandry, Mhow, Madhya Pradesh, India. With extensive experience in general surgery, soft-tissue surgery, orthopaedic surgery, and veterinary oncology, Dr. Chouhan has been specializing in veterinary ophthalmology since 2011. Over the years, he has developed his skills and gained advanced clinical exposure through professional training and experiences in countries including the USA, Germany, China, Singapore, France, Portugal, Italy, and several other countries worldwide.

Dr. Chouhan has conducted numerous veterinary ophthalmology camps, training programs, workshops, and continuing education sessions. For the past six years, he has been actively involved in training veterinarians in ophthalmology, delivering lectures, conducting webinars, and providing practical education across India.
Over the last four years, he has successfully conducted specialized Cataract Surgery Courses at his clinic, training veterinarians from India as well as several countries, including Bahrain, Mauritius, Malaysia, the Philippines, Bangladesh, Nepal, and Sri Lanka.

Dr. Chouhan heads one of the pioneering private veterinary facilities in India to introduce cataract surgery in dogs and cats and operates a dedicated veterinary ophthalmology center in Central India. He has extensive expertise in advanced ophthalmic procedures, including phacoemulsification for cataract surgery in dogs and cats, along with a wide range of other veterinary ophthalmic surgeries.
He is a WSAVA speaker and a sought-after national and international speaker in veterinary ophthalmology. He regularly delivers lectures, conducts webinars, and provides hands-on training to veterinarians in India and abroad.

Dr. Chouhan owns two state-of-the-art veterinary clinics in Indore, equipped with modern diagnostic and surgical facilities. In addition to providing specialized ophthalmic services at his own centers, he also performs advanced ophthalmic surgeries at veterinary clinics in India and neighboring countries.
He is a life member of several prestigious professional organizations, including the International Society of Veterinary Ophthalmology (ISVO), the Asian Society of Veterinary Ophthalmology (ASVO), and the Indian Society of Veterinary Surgeons (ISVS).
Dr. Chouhan is also the only veterinarian from India to be a member of the International Society of Veterinary Ophthalmology (ISVO).
With his extensive clinical experience, international exposure, commitment to education, and contribution to veterinary ophthalmology, Dr. Narendra Chouhan has established himself as a prominent veterinary ophthalmologist, educator, and trainer in India and internationally.

Dr Nagarajan B

Dr. B. Nagarajan is an accomplished veterinary professional with diverse expertise and leadership roles in the field of veterinary medicine and dermatology. He completed his B.V.Sc., M.V.Sc., Ph.D., and PGDDUS at Madras Veterinary College, Chennai. Following early roles as a Veterinary Surgeon at the Kerala Livestock Milk Marketing Board in 1982 and Veterinary Assistant Surgeon for the Tamil Nadu Animal Husbandry Department for 9 years, he joined Madras Veterinary College in 1991, where he served as faculty until his retirement in 2020.

Throughout his academic career, Dr. Nagarajan handled undergraduate and postgraduate courses in medicine, guided 24 PG Diploma, 10 M.V.Sc., and 4 Ph.D. students, and contributed significantly to the field with 86 research papers and 5 books. He has been honored with 12 national awards and has delivered numerous guest lectures both in India and internationally. Additionally, he organized five international congresses on veterinary dermatology.

Currently, Dr. Nagarajan is the Chief Veterinary Officer at Ballo Multispeciality Pet Clinic in Chennai. He also holds notable leadership positions: President of the Association for Veterinary Dermatology India, Administrative Committee member of the World Association for Veterinary Dermatology, Ex-Secretary of the Asian Society of Veterinary Dermatology, Member of the European Veterinary Dermatology group, Chief Patron of the Small Animal Practitioners Association, Tamil Nadu, and Executive Committee member of the Indian Federation of Small Animal Practitioners Association. His continued dedication reinforces his standing as a leader in veterinary science and dermatology.

DR Kunal Dev Sharma

With a career spanning two decades, Dr. Kunal Dev Sharma has not only revolutionised the field of veterinary surgery but has also made significant strides in the business aspect of animal healthcare. As a director of MaxPetZ, his journey has been marked by remarkable achievements and a relentless commitment to improving the lives of pets and their owners.

Dr. Kunal Dev Sharma's roots in veterinary care run deep. He hails from a family of veterinarians and his father and grandfather pioneered the first private veterinary clinic in Old Delhi in 1952. He worked in South east Asia as a small animal veterinarian for 2 years and then went on to get a prestigious membership in the Royal College of Veterinary Surgeons, UK- a testament to his dedication and expertise. He has earned an advanced masters in small animal surgery.

His keen interest in orthopaedics was nurtured during his tenure at an orthopaedic referral hospital in the UK in the late 2000s. Over the years, he honed his skills, specialising in neurology and orthopaedics, and garnered a reputation as a leading expert in spinal and trauma surgeries.

Dr. Sharma's commitment to excellence is further evidenced by his active involvement in international veterinary orthopaedic communities, including memberships in AO Vet and the European Society of Veterinary Orthopedics and Traumatology. Earlier in his career, Dr.Sharma also earned an advanced masters in small animal surgery. Dr. Sharma's journey is studded with numerous milestones. With close to two decades of experience across India, the UK, Malaysia, and Australia, he has performed a diverse range of minimally invasive procedures, orthopaedic surgeries, and spinal surgeries. His dedication to his patients is evident as he travels across the country to perform complex surgeries, witnessing firsthand the remarkable recoveries and improved quality of life of his furry patients.

Notably, Dr. Sharma's name finds a place in the Limca Book of Records for conducting India's first Pacemaker implantation surgery in a dog suffering from complete heart block. Additionally, Dr Sharma has been recognised for conducting the first brain surgery in a dog in India.These groundbreaking achievements showcases his unwavering commitment to pushing the boundaries of veterinary medicine.

Dr. Sharma embarked on his journey with Max Vets in the mid-2000s, and his vision for the company is nothing short of inspiring. He aspires to transform MaxPetZ into India's leading pet healthcare and wellness brand, with a particular focus on veterinary neurology and orthopaedics.

Moreover, his passion extends to nurturing the next generation of veterinary doctors by creating defined career paths and providing mentorship and training opportunities.

Our Speakers

DR Vikas Chauhan

Assistant Director and Senior Veterinarian
Qualification: B.V.Sc. & A.H. (Bangalore), M.V.Sc. (Surgery and Radiology) (Hisar)
Specialization: Endoscopy and Laparoscopic Surgery, Orthopaedics and Joints Surgery, Spine Surgery, Radiology
Membership: Haryana Veterinary Council, Veterinary Council of India, American College of Veterinary Radiology (ACVR), International Veterinary Radiology Association (IVRA)
Experience: 14+ years
Certification and Trainings:

- Veterinary Diagnostic Endoscopy and Surgical Laparoscopy from Germany in 2016
- Small Animal Orthopaedic Surgery by Veterinary Orthopaedic Foundation, Pune in 2016 and 2017
- Small Animal Cardiology, Veterinary College, Palampur, 2017
- Small Animal Computed Tomography (CT scan) from Italy in 2019
- Skin Grafting and Axial Flap Pattern by Southpaws Veterinary Hospital Australia-2022
- Small Animal Spine Surgery, Bangalore-2022
- Advance TPLO Surgery and Arthroscopy from Chulalongkorn University, Thailand in 2023.
- Attended WSAVA conference in Lisbon, Portugal in 2023
- Attended WSAVA conference in Mumbai, in 2023
- Deformity Correction in Dogs organised by Veterinary Orthopaedic Foundation in Goa in 2024
- Basic and Advance Spinal Surgery in Small Animal, United Kingdom in 2024

Dr Bhanu Dev Sharma

Dr. Bhanu Dev Sharma is a leading small animal veterinarian in India with over 18 years of experience in advanced veterinary care. After completing his graduation in Veterinary Science from HAU, Hisar in 2008, he co founded Max PetZ hospital (Formerly Max Vets) & began practicing in small animal medicine. He soon found his passion in cardiology and diagnostic imaging.
He pursued a Master's in Veterinary Cardiology from the University of Luxembourg and has completed certifications in CT scan, Radiology, and Internal Medicine from ESAVS (European School for Advanced Veterinary Studies).
Dr. Sharma has been trained extensively across Europe and the USA and continues to stay updated through global certifications every year.
His areas of interest include advanced cardiac procedures as well as diagnostic imaging including trans oesophageal and 4D echocardiography.
He is amongst one of the first few worldwide to have been trained to do mitral valve minimally invasive beating heart hybrid surgery(TEER) and has done multiple TEER mitral valve surgeries in dogs successfully.
He also is an expert in interventional cardiology procedures like Balloon valvuloplasty, Pacemaker implantation, PDA occlusion using duct occluder.
His name was inscribed in the Limca book of records for performing the first pacemaker implantation surgery in a dog in India.
He strongly believes in teamwork, continuous learning, and contributing to a collaborative, multi-specialty veterinary ecosystem.

Our Speakers

Dr Vinod Kumar

He has completed my BVSc in 1989 and MVSc in Preventive Medicine in 1994. Worked for 18 years in the AHD if Kerala before joining as a faculty in the Dept of Veterinary Epidemiology and Preventive Medicine, CVAS, Mannuthy, Kerala in 2010. He has been awarded the state best veterinarian award in 2009, best teacher award in 2014 and the best researcher award in 2016. He was the founder course director of a PG Diploma program on therapeutic management of infectious diseases of pet animals and pet birds in 2015, which has attracted the maximum participants for any veterinary diploma program in the state for the past 7 years running. He has been regularly invited to take classes on therapeutic management of various pet diseases by various associations in the state and outside. He has so far guided 10 MVSc students, and have been awarded the best paper presentation award in two international and many national science conferences. He has also published four articles in very high rated international journals like PLoS ONE, PARASITOLOGY, JOURNAL OF DAIRY RESEARCH and TROPICAL ANIMAL HEALTH AND PRODUCTION.

DR Tarun Nar Singh

Orthopaedics, Neurosurgery & Minimally Invasive Surgery Specialist
BVSc & AH (Gold Medalist)
Fellowship Trained in Small Animal Orthopaedics & Neurosurgery
Federal University of Campina Grande, Paraíba, Brazil

Dr. Tarun Nar Singh is a fellowship-trained veterinary surgeon specializing in Orthopaedics, Neurosurgery, and Minimally Invasive Surgery. With advanced international training from Brazil and specialist exposure across leading referral centers in Rio de Janeiro, São Paulo, and Salvador, he has developed extensive expertise in managing complex musculoskeletal and neurological disorders in companion animals.

His clinical interests include fracture management, corrective osteotomies, total joint replacement, spinal surgery, intracranial neurosurgery, neuro-oncology, and advanced minimally invasive procedures including laparoscopy and endoscopy.

Dr. Tarun has been actively involved in performing advanced orthopedic and neurosurgical procedures, contributing to the growth of specialized veterinary surgical care in India.

A strong advocate of innovation in veterinary surgery, Dr. Tarun integrates modern technologies such as three-dimensional surgical planning, custom implant design, and patient-specific surgical simulation to enhance precision and clinical outcomes.

His multidisciplinary training also includes interventional cardiology, advanced imaging, and endoscopic surgery, allowing him to approach challenging cases with a comprehensive and progressive surgical perspective.
